Please Note: Only 3000w sockets are suitable to power any heating device such as a coffee machine, kettle or microwave. All appliances must be plugged into a socket outlet - extension leads and multi way plug sockets are not permitted.

SPECIALIST ELECTRICAL ITEMS

If you are exhibiting products which require independent electrical connections (Three Phase), have cooking equipment or machinery, please contact us for prices. It is advisable these connections are ordered via SmartSpace if you are using a SmartSpace build, due to the interference with the stand flooring these connections have.

Terms & Conditions:

1. All items are on hire only.
2. Prices quoted are for the duration of the event only, and do not include use for any future events.
3. Prices do not reflect any storage or refurbishment use for future events.
4. It remains the client's responsibility to ensure items are not damaged or tampered during the event. If damage or breakages occur not as a direct result of wear and tear, charges will apply to replace / repair items.
5. Prices quoted above are applicable BEFORE the stated deadline only. Surcharges will apply to any orders placed after the stated deadline.
6. Orders will not be confirmed until the SmartSpace agreement is signed, and an invoice issued. It is not possible to confirm items of stock until this is done; therefore it is advisable to confirm your SmartSpace stand booking well in advance to the deadline date.
7. The Terms and Conditions of Reed Exhibitions (To be found on the reverse of your paper copy contract) apply in all cases.
